

FORTIETH YEAR

BISMARCK, NORTH DAKOTA, WEDNESDAY, OCTOBER 19

PRICE FIVE CENTS

UNIONS BEGIN CONFERENCES ON STRIKE CALL

START SUIT IN
JAMESTOWN TO
CRIPPLE BANKGovernor Frazier Served With
Papers to Halt Deposits in
Bank of North Dakota

FURTHER HEARING NOV. 3

Judge Coffey Issues Injunctional
Order in District Court
In the Case

Jamestown N. D., Oct. 19.—Governor Frazier was served with papers here last evening in a lawsuit brought by a number of taxpayers and residents of Stutsman county and an injunction order signed by District Judge J. A. Coffey restraining the industrial commission, board of auditors, state treasurer, state auditor and other officials from depositing any funds belonging to the state of North Dakota in the Bank of North Dakota or any further tax money in the Bank of North Dakota, restraining the bank or industrial commission from accepting or receiving any more deposits until further order of the court.

Judge Coffey set the date of hearing on Nov. 3.

Those who brought the suit claimed it was to prevent "further misappropriation" of money and also to prevent county treasurers depositing tax money due Oct. 15 in the bank and to protect records of bank in the event the recall carried.

What Is Charged

The suit was filed by Oscar J. Seiler, attorney. There are 17 plaintiffs named with the statement that other names will be inserted.

The plaintiffs charge

That the defendants failed to negotiate the sale of \$2,000,000 of bank bonds.

That the bank has loaned money in excess of one-half the value of real estate.

That they have failed to deliver to the state board of equalization an exact written statement of all bonds as required by law.

That the defendant officials have failed to conduct the Home Builders' association in accordance with law by building homes costing over \$5,000.

That they have failed to carry out provisions of the laws for the issuance of bonds necessary to provide funds for loans on real estate.

That Frazier, Hagan and Lemke have spent money for political propaganda.

That the bank is insolvent.

That no information can be secured as to the condition of the state school fund held in trust.

Accompanying the petition is a statement in affidavit form by Ormsby McHarg setting out the charges and asking the Bank of North Dakota be adjudged insolvent.

OFFICIALS HERE AWAIT

COPIES OF COURT ORDER

Officials of the Bank of North Dakota or of the state had received no official information concerning the law suit started in Jamestown they said today.

State Treasurer John Steen who is the largest single depositor in the Bank of North Dakota said the filing of the suit was news to him except that he had heard rumors of such action.

He said he would do nothing or express no opinion of that action he might take until he had received a copy of Judge Coffey's order.

A. Johansen, director of audits of the Bank of North Dakota said that he did not believe that the suit would be carried through and declared that "if they claim we are insolvent they'll have a hard time showing it. We have \$1,200,000 in cash on hand." He said he had heard only press reports of the suit being filed. Mr. Cathro was out of the city.

Geo. K. Foster, assistant attorney general said no information had been received at that office concerning the suit. J. A. Paddock, secretary of the Industrial Commission, was out of the city.

PYTHIANS TO
HEAR SPEAKERSupreme Prelate of Organization
Is In City

Rev. Frederic S. Atwood of Minneapolis, supreme prelate of the Knights of Pythias lodge is in Bismarck today to attend a meeting of St. Elmo lodge tonight. Rev. Atwood is one of the most noted speakers in Pythianism and will tell members of the local lodge of the national organization's forward movement. He was in Mandan Monday night and will be in Washburn tomorrow Center Friday and next week will visit lodges in Leith and Carson.

The meeting tonight will be an open meeting and all Pythians in the vicinity are urged to be present.

OLD TAVERN REOPENED

London Oct. 19.—Ye Olde Dr. Butcher's Head believed to be the oldest licensed tavern in London has been reopened. It was founded in 1616 by William Butler on whom King James I bestowed the degree of doctor.

THOUSANDS LAUD KNICKER GIRL

MISS MARION LARSON

By N. E. A. Service.

Waukegan Ill. Oct. 19.—Thousands of folks all over the country are agreed that knickerbockers are the only thing for girls at work.

This is indicated by the flood of letters that have poured in upon Miss

Marion Larson of Waukegan who, a month ago first donned knickerbockers and became their champion. Her picture was printed in hundreds of newspapers.

Since then letters have come in every mail. Many endorse her stand while others propose marriage.

HARDING ASKS
'FRIENDSHIP OF
ENGLISH NATIONSays War Between Two English-
Speaking Nations Should Be
"Unthinkable"

Yorktown Va. Oct. 19.—A doctrine of enduring friendship between the United States and Great Britain was pronounced by President Harding today at a ceremony commemorating the final surrender of the British expeditionary forces over the British in the Revolutionary war.

Surrounded by high officials of his administration and standing within sight of the spot where Cornwallis laid down his sword in 1781 the President declared in deliberately chosen words a sentiment of peaceful relationship between the two great English-speaking nations for all time to come. That either should ever hit the sword against the other must be "unthinkable," he said.

STREET MARKING
IS DISCUSSEDTown Criers Discuss Question
at Meeting Last Night

Clear and definite marking of streets of Bismarck was discussed by the Town Criers meeting last night at the Grand Pacific hotel.

Few of the streets in the western part of the city are properly marked, it was reported. Houses also lack numbers it was stated. The effect of lack of proper designation of both streets and houses is to make it difficult for strangers to get about in the city and also causes much loss of time to business men in making deliveries with new boys.

Another proposal discussed was marking of all trails within 100 miles of Bismarck, showing the distances to the city and a proposal that residents of Bismarck having automobiles have a steel plate bearing the name of Bismarck on their license tags.

The criers elected M. C. Gilman to fill the place of director made vacant by the elevation of W. R. Lumry to the presidency of the club.

Philadelphia is a penningment with a vacuum street cleaning machine that does twice as much work as a motor sweeper.

ALL DOCUMENTS RELATING TO
BERGDOLL PROBE ARE STOLEN

Washington Oct. 19.—The box containing private papers stolen from the office of Rep. Johnson of Kentucky Monday night was found early this morning on the fifth floor of the building.

The broken pen and other important documents were found.

Employees of the building located the box in an unlocked storage room

located with rubbish.

Mr. Johnson announced that a copy of the papers relating to the Bergdoll case was not missing.

Speaker Johnson stated a proposal to go to the office of the matter of Mr. Johnson's side up on the floor to find the papers.

SCHEIDEMAN IS
FIRED UPON

Called War Measures

Berlin, Oct. 19.—Philipp Scheidemann, former secretary of foreign affairs, was fired upon during a meeting of the German People's party in Lutzencheid, Westphalia, last night. The bullet flew wild and Herr Scheidemann was uninjured. Five persons were arrested.

ROSS J. HANSON,
OF TURTLE LAKE,
SUCCUMBS HEREWell Known in Masonic Circles
in This Section of the State
—Funeral in Minneapolis

Ross Joseph Hanson of Turtle Lake N. D. a nephew of Mrs. C. W. McGraw of Bismarck and well known in this section of the state passed away in a local hospital last evening suffering from a complication of diseases. Mr. Hanson had been in the hospital for three days.

For the last three years Mr. Hanson had been in the drug business in Turtle Lake. He was born in Ramoth, Minn. in which city he was reared and educated. He was a member of the Woodmen lodge of that city, a member of the Masonic Blue lodge at Garrison N. D. a member of the Tancered Commandery No. 1 Knights Templar Bismarck and El Zagal Shrine Temple Fargo. Mr. Hanson was active in Masonic work. He also was a member of the Sons of the American Revolution and during the war Mr. Hanson served in the Y. M. C. at Camp Logan.

Mrs. Ruth Hanson of Renville Minn. mother of the deceased arrived in Bismarck on word of his serious illness and will accompany the body to Renville on Nov. 4 tonight for funeral services and burial.

Mr. Hanson had one brother, Rodney a lawyer in St. Paul Minn. He was not married.

FOREIGN DEBT
BILL ADVANCED

Washington Oct. 19.—Favorable reports authorizing the creation of a commission to arrange for funding and retiring of the foreign debt was ordered today by the house ways and means committee. The measure is a substitute for the administration bill which would have given the secretary of the treasury blanket authority over foreign debt negotiations.

The first is regarding compensation of members of the legislature. It provides that the constitution be amended by increasing the pay all west members of the legislature from \$5 a day or \$100 for each session to \$100 for each session. The usual 10 cents a mile for travel going and coming is provided for.

Another constitutional amendment proposes that in counties having 500 population or less the county judge shall also be the clerk of the district court. The measure was advocated in the legislature by some representatives of smaller counties in the state as a measure of economy and efficiency.

Both of the proposed amendments are submitted to the people on concurrent resolutions of the last general assembly.

SENATE PLACES
APPROVAL UPON
GERMAN TREATYAlso Ratifies Administration's
Pacts with Austria and
with Hungary

EXCHANGE FOLLOW SOON

Appointment of Diplomatic Rep-
resentatives May Not Be
Made For Sometime

Washington, Oct. 19.—Exchange of ratification at Berlin of the Treaty of Berlin finally establishing peace between the United States and Germany is to be the next step ending the nation's war.

Following ratification by the senate last night of the German and also the Austrian and Hungarian peace treaties the state department was in position to proceed with the last formalities.

Appointment of diplomatic officers however is not anticipated for several weeks at least.

Negotiation of commercial and other trade treaties providing for exchange of consular officers are scheduled to follow the peace treaty.

FARM BUREAU'S
HEAD DEMANDS
LAWS REPEALEDHoward Declares Congress
Should Repeal Esch-Cummins
and Adamson Rail Laws

CALLED WAR MEASURES

Chicago Oct. 19.—The American Farm Bureau Federation with a membership of 1,400,000 farmers, announced today it had decided to ask Congress immediately for repeal of the Esch-Cummins law and the Adamson act.

"These were war-time measures and they were preventing a speedy return to normal conditions," said I. R. Howard, president of the American Farm Bureau Federation.

The Esch-Cummins law of the transportation act of 1920 was the vehicle through which the railroads were returned to their owners. Mr. Howard said.

He added that the act and its interpretations has been found to take from the states the power to regulate rates and practices of the carriers relating to interstate transportation and distribution of cars.

"The American Farm Bureau Federation believes that the Esch-Cummins act should either be repealed in its entirety or it once amended to correct these serious defects," its president declared.

Relative to the Adamson act Mr. Howard said:

"We have long been on record favoring its repeal. Our executive committee with representatives from all sections of the country declares that it is responsible for the unreasonable transportation rates and it continued will affect all industries including agriculture toward increasing the cost of production beyond an economic basis."

TRUTH OF IMAGINATION?

Osaka Japan Oct. 19.—Stories coming from Tsunokura appear so improbable that newspapermen have begun cautioning the readers against them.

One story for instance told of a ball storm with stones as big as a man's head.

The Chinese government will establish an air service between Peking and Tsinan capital of Shantung Province.

AMBASSADOR HERRICK'S HOME IN
PARIS DAMAGED BY BOMB EXPLOSION

Paris, Oct. 19.—(By the Associated Press.)—A bomb exploded today in the house of Myron T. Herrick, the American ambassador, seriously injuring the valet who opened the package, containing it.

The room in which the explosion occurred was wrecked. Ambassador Herrick arrived at the house 2 minutes after the bomb blew up.

RESPONSIBILITY OF ENDING THE
STRIKE PLACED ON LABOR BOARDWashington View is That Organization Must Through Results
Justify Its Existence or Lose Confidence of Officials—
Military Areas Taking Precautionary Measures

Washington Oct. 19.—The railroad labor board will be given the full support of federal authority in its endeavor to avert the national railroad strike and will be expected through the results to justify its creation.

With the problem definitely assigned to the labor board for solution and each interested branch of the government ready with a defensive program in the event of the strike materializing no important local developments were expected today.

Reports from military areas at headquarters that steps were being taken to list men now in the service who have had experience in various phases of railroad work are understood not to be the result of a general order from Secretary Weeks. It was said however that the general staff or any of its subsidiary branches might undertake such survey on its own initiative as a matter of routine.

Chicago, Oct. 19.—An exhaustive search for the sender of a box of poison candy responsible for the critical illness of six nurses at the West End Hospital was being conducted today by postoffice inspectors.

The box came through the mail and was addressed to Miss Helen Rosenfeld, a 17-year-old student nurse. It contained home-made "fudge," analysis of which was said to show that the supposedly deadly poison permeated the candy.

Miss Rosenfeld came to America nine months ago from Austria and has been a student nurse in the hospital since that time. In the candy box was a typewritten note bearing the following:

By a patient who was an ardent admirer this candy was faithfully made.

The girl invited six other nurses to share the candy with her and within a few minutes all of them became ill.

Chicago Oct. 19.—(By the Associated Press.)—The first of a series of conferences in Chicago at which representatives of all factions in the railroad strike situation may decide the outcome of the strike call issued by the Big Four Brotherhoods for Oct. 30, began here today to continue over the week-end. Three group meetings scheduled are:

1. Executive of the shop men maintenance of way workers, clerks, telegraphers and others meet today, tomorrow Friday and Sunday to decide their attitude toward the announced strike of the train service employees with indications of a final decision at a joint conference Monday.

2. Brotherhood leaders are on their way here to hear the government's attitude through the railroad labor board tomorrow.

3. Railroad executives of the central division meet Friday in Chicago to discuss all phases of the strike situation while executives of other divisions meet simultaneously in their own regions.

EXPLOIT RATE CUT

Freight rate reductions approximately equivalent to the 12 percent wage reduction ordered last July 1 by the railroad labor board were indicated as the probable basis of suggestions the labor board will propose with the backing of the administration to avert the strike.

President J. R. Howard, of the Farm Bureau Federation, today had on file before the Interstate Commerce Commission here a petition for a 10 to 20 percent freight rate reduction on necessities of life and at the same time he telegraphed union leaders and railroad executives urging them to join him in a conference here.

Failure of the Brotherhood chiefs to join a strike agreement at conferences here last week with the 11 other railroad unions has made uncertain the outcome of their strike conference here beginning today.

Referendum votes have authorized the leaders of the maintenance of way men and shopmen who met here today and tomorrow, to call a strike at their discretion but show craft leaders have summoned their executive council and executives of the maintenance of way union have called general chairmen of their 12 divisions.

DECISION BY END WEEK

Memberships of these two and others of the 11 organizations, which have not issued strike notices, number 1,500,000 as compared with half a million in the train service group now under instructions for the walk out beginning Oct. 30.

Officials of the telegraphers have scheduled a meeting here for Friday and the clerks for Sunday. No definite decision leaders of these 11 unions indicated will be made before the end of the week.

FLOUR BREAKS
TO NEW LEVEL

Minneapolis Oct. 19.—Following yesterday's decline in the wheat market flour broke to new low levels here today touching \$7.00 a barrel for the first time in about six years.

Millers posted prices of \$7.00 to \$7.15 a barrel for family patent today, a reduction of 4 to 4 1/2 cent from yesterday.

JOBLESS GET RELIEF

Minneapolis Oct. 19.—Beginning a week from November 1 unemployed in Minneapolis will get 100 pounds of coal weekly for their rent and a most liberal allowance for the size of the family as a free city guardians have decided on this relief.

BANDITS HOLD WOMEN

Shanghai Oct. 19.—Bandits in the Szechwan province are holding more than 100 women and girls whom they captured after raids. They are now offering the women for sale at prices in accordance with their beauty.

Weather Forecast

For Bismarck and vicinity: Fair tonight and Thursday. Slightly cooler Thursday. For North Dakota: Fair tonight and Thursday. Slightly cooler tonight in the east and south portions, rising temperature Thursday in the west portion.

Weather Conditions

A low pressure area covers the upper Mississippi valley and the Lake region while a high pressure area is centered over Montana. Light rain has fallen from eastern North Dakota eastward and over the Lake region but elsewhere the weather has been fair and moderate at all places tonight.

The weather in North Dakota will be fair tonight and Thursday with slight cooling tonight in the east and south portion followed by rising temperature Thursday in the west portion.

STEEN ASSERTS HE IS IGNORED ON STATE BONDS

Issues Statement Supporting Nestos, Johnson and Kitchen and Gives His Views

ATTITUDE ON THE RECALL

Declares That Question of Election Overshadows Any Previous Attitude on Matter

State Treasurer John Steen today issued a statement in which he urges support for the recall ticket. His statement follows:

"I am correctly informed the campaign orators of the Nonpartisan League are devoting considerable time to criticizing those whom they claim brought on the recall election. It seems to me that is merely begging the question. That does not effect the issues to be determined at such election. It is not material what views I, or any other voter, may entertain toward the principal of the recall. We are confronted by facts and conditions, and not by abstract theories. The recall election will be held. It has been called in the manner and upon the petitions of the number of voters prescribed in the constitutional amendments prepared and put into effect by the Nonpartisan League itself. The recall election will be held regardless of the number of voters who participate, or fail to participate therein. But the only vote that will count are the ones that are cast. No one will deny that the election is an important one. No one will deny that it is the duty of every citizen to express his or her will at such election, provided it is at all possible to do so. That duty, good citizens, will not try to evade.

Overshadowing Question

"While there are other questions, the overshadowing one is whether the official acts of Frazier, Hagan and Lemke shall be endorsed, and they retained in office for the remainder of their terms. That issue is squarely presented, more squarely than ever before. It can well be said now as in the days of old, he that is not for me is against me. In the coming recall election every voter must either place himself or herself on the side of the present Governor, Attorney General and Commissioner of Agriculture and Labor, or against them. There is no alternative.

"It is, I think, a matter of common knowledge that I opposed these three men at the last election. It was my judgment then that it would not be for the best interests of the state and its people to have these men placed in their respective offices. Subsequent events have strengthened the views I then had. I shall not attempt to criticize their official acts in detail. This statement would become a volume should I do so. While every effort has been made to prevent the public from knowing anything about the acts of the Industrial Commission, sufficient has been brought to light to make it apparent why the Commission has been so anxious to keep everything and everybody in the dark. The policy has not been changed. What they did to prevent the examination of the Bank of North Dakota, the Drake Mill, and The Home Building Association is a matter of common knowledge.

Methods of Bond Handling

"In the last few days we have been regaled in the League press with statements of sales of large amounts of North Dakota Bonds. Under the law it is the duty of the State Treasurer, to prepare the bonds of the state for issue; and the Treasurer, together with the Governor, to issue them. The State Treasurer is requested to keep the moneys received from taxes for the redemption of such bonds separate and apart from other funds, pay interest, and eventually the principal of such bonds. Yet, although the law puts me as it were in such close relation to these bonds, I do not have the slightest idea whether the bonds have been sold as stated in the press, or what terms they were sold on, if sold. I do not know whether they were sold at a premium, at par, or at a discount. I do not claim that the Industrial Commission were under any obligation to give me this information. I merely mention it as illustrative of their method of doing business. Our laws make it impossible for a school board, township supervisor, city council, or county public mission to conceal from the public matters like that, if any of those boards incur any obligations what ever, or issue any bonds, any citizen may know instantly everything regarding the whole matter. There is no secrecy, and in my opinion there should be none in matters of that kind. The business of the state is the business of its people. The state officers are public servants, and I know of no reason why their official transactions should not be known to those whom they serve. That is one reason why I am going to vote for Nestos, Johnson and Kitchen. I know that if these men are elected, the affairs of the state will be conducted in the light and not in the dark. There will be no need of darkness. I know these men to be capable, honest and courageous. I knew Mr. Nestos when he was working as a harvest and threshing hand in Pierce county, also, when he was a country school teacher. He has reached his present place through his own efforts. If he is elected governor, he and no other man or set of men, will be governor of this state.

—JOHN STEEN,
State Treasurer.

TRY THIS FOR INDIGESTION

Foley Cathartic Tablets are just the thing for constipation. Their action is wholesome and thoroughly cleansing, without griping, nausea or inconvenience. They banish headache, biliousness, bloating, gas, bad breath, coated tongue and other symptoms of disordered digestion. Mrs. H. J. Marchand, 26 Lawrence St., Salem, Mass., writes: "I have used Foley Cathartic Tablets for constipation with good results. I keep them in the house."

The first juvenile court was established in Chicago in 1899.

SPECIAL SCHOOLS FOR PRODIGES

ABOVE PICTURES ARE OF MARY ELLEN McNALLY, AND CLAIR BOWERS, WHO ARE ATTENDING THE PUBLIC SCHOOL PSYCHOLOGY CLASS, IN CLEVELAND.

Schools where "prodigies" are saved from becoming lazy.

Classes where bright pupils are given a chance to go ahead as fast as they can.

In these schools the youngsters who are smarter than normal, are not held back because of age, but are advanced according to mental ability.

In Cleveland the "prodigy class," at Dennison school, has been formed as an experiment in psychology. Twenty-two of the smartest pupils of the Cleveland public schools are assembled in one class under a special teacher. Her job is to teach them as fast as they can learn.

In their regular classes these

"prodigies" didn't have to work to keep up with their class. Now they can move ahead as fast as their mental ages permit. "This does away with laziness," says Dr. Bertha Luckey, director of the school psychology clinics.

Mary Ellen McNally is only 8, but has shown a mental capacity of 11, while Clair Bowers, 7, has shown a mental capacity of 12.

In New York 3,000 children have been graded according to their intelligence. Mental tests of words, numbers, ingenuity, common sense and interpretation of pictures and fables, are applied. Then the pupil goes into the class he is mentally fit to attend.

PENS OWN DEATH SERMON

Wealthy Iowan Digs Own Grave, Erects Monument and Provides For Funeral

By N. E. A. Service.

Waterloo, Ia., Oct. 18.—At the age of 86, William T. Whitney, wealthy retired farmer and one of the few remaining survivors of Iowa's pioneer days, looks back on life as a disappointment.

He welcomes death, and has made all his preparations for it, even to the writing of his own funeral sermon.

A tombstone already has been cut with Whitney's name and the date of his birth—1835. A grave has been dug, cemented up with solid concrete sides and a bottom to a thickness of eight inches. A mason is under contract to construct a cover of cement six inches thick and to face the grave with two layers of brick after Whitney is buried.

"I'll be placed in that hole to sleep," says Whitney, "and I want to be assured that my rest will be unbroken."

Friend of Twain

Whitney, for many years a close friend of Alexander Graham Bell and Mark Twain, says he is an unbeliever. No minister will officiate when Whitney is buried. The funeral document that he himself has written will be read by a personal friend.

"If I write what I believe, I shall not please my friends," reads this strange message. "If I write to please my friends, I shall be false to myself. So, without wishing to be odd, it seems best to die and be buried in silence."

"I have no disposition to criticize others. They have as good a right to their opinions as I have to mine. Only ignorance is arbitrary. Humanity is my religion. I know nothing beyond the skies. I leave the dead where nature leaves them."

"We cannot say whether death is a wall or a door, the beginning or end of a day. If there is a world of joy, so much the better."

"Love is the only bow on life's dark clouds. Without it we are less than beasts—with it earth is heaven and we are gods."

Lived With Indians

ACHES AND PAINS—SLOAN'S GETS 'EM!

A WORD the misery of aching pain. Have a bottle of Sloan's Liniment handy and apply when you first feel the ache or pain. It quickly eases the pain and sends a feeling of warmth through the aching part. Sloan's Liniment penetrates without rubbing.

Fine, too, for rheumatism, neuralgia, lumbago, sprains and strains, stiff joints, lame back and sore muscles.

For forty years pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Sloan's Liniment

Clear Your Complexion of pimples, acne and other facial disfigurement. Use freely Dr. Hobson's Eczema Ointment. Good for eczema, itching skin, and other skin troubles. Use of Dr. Hobson's Family Remedies.

Dr. Hobson's Eczema Ointment

the Pomona Valley Farmers Elevator Company, of which the plaintiff is the successor and now the owner of the note, for the defendant and at his request.

(2) At the close of the testimony the Court directed a verdict in plaintiff's favor and it is held for reasons stated in the opinion that in this there was no error.

(3) Defendant claims there is conflicting testimony with reference to the proper application of a certain sum of money, in amount \$1710.00, he claims he ordered to be applied on the note. The judgment has been directed to be modified, plaintiff having consented, so that any benefit he would have received if the money had been applied on the note, instead of otherwise, viz: on an account, is secured to him and a new trial is therefore unnecessary. For reasons stated in the opinion, nothing would be gained by a new trial.

Appeal from the District Court of LaMoore County, F. J. Graham, Judge. JUDGMENT MODIFIED AND AFFIRMED.

Opinion of the Court by Grace, Ch. J., Christman, J., Concurring.

FOUR HORSEMEN FILM SPECTACLE IS COMING HERE

Will Be Shown at Eltinge Theater For One Week Commencing Oct. 31

IS ELABORATELY STAGED

The "Four Horsemen of the Apocalypse," a great cinema spectacle, will be shown at the Eltinge theater, one week beginning October 31, it was announced today.

The "Four Horsemen of the Apocalypse," is made from the famous novel of Vicente Blasco Ibanez.

This is without a doubt the most pretentious undertaking in motion pictures and among modern works, at least, the story from which it is made is probably the best known and most widely read. The novel has passed its 200th edition and is still in great demand.

"The Four Horsemen" has been six months in the making and is actually a million dollar spectacle. Briefly summarized, these are the chief points of interest concerning the great film.

Upwards of 12,000 persons were engaged in the undertaking. More than 124,000 tons of masonry—steel, lumber, furniture and shrubbery—in excess of the material used in erecting the famous Woodworth building, New York City—were used in constructing the massive settings.

Village Destroyed.

An entire French village, capable of housing 80,000 souls, was put up and then destroyed before the camera lens. Every house in this village was finished throughout, instead of being a "front" which is generally used by the average motion picture director.

A costume factory was erected on the grounds of the Metro studio for "dressing" the production.

An armory and two machine shops were incidentals of the other building operations.

More than 500,000 feet of ray film was exposed in the taking of the picture, which when shown on the screen of the Eltinge will not exceed 12,000 feet.

Fourteen camera men were employed to "shoot" the big scenes from every angle, and Rex Ingram, the director, a times had fourteen other directors assisting him.

Scenes Weeded Out.

It required weeks to weed out and assemble the completed scenes from the eighty-five miles of film exposed; the mere running of 500,000 feet of film through a projection machine at the rate of sixty feet a minute, consumed eighteen days of eight working hours each.

Field kitchens and a complete commissary department were required to feed the army of 15,000 people engaged on the production.

A complete telephone system was

installed for the use of Mr. Ingram, while handling some of the great scenes, and he was in constant touch with his assistants scattered on posts over several miles of terrain.

A collection of art treasures from the galleries and private sources valued beyond price were used in dressing the handsome interiors. The insurance on these works of art alone was \$375,000.

The cast interpreting the roles in the most widely read book of all times—except the Bible—contains two dozen principal players who in other productions would be rated as stars.

Valentino in Role.

The leading roles are enacted by Rudolph Valentino as Julio Desnoyers, Alice Terry as Marquerite Laurier, Pomeroy Cannon as Madariaga, "The Centaur," Nigel de Brulier as Teheroff, the Russian visionary and Mabel Van Buren as Elene, while the other prominent parts are taken care of by Joseph Swickart, who will be favorably remembered for his good work as Ambassador Girard in "My Four Years in Germany," Brinsley Shaw, Wallace Beery, who is considered the best "villain" on the screen, Alan Hale, Brigetta Clark, "Smoke" Turner, Edward Connelly, Jacques d'Auray, Mlle. Dolores and Harry S. Northrup. A special musical score composed of Ernest Lux will accompany "The

DO YOU CATCH COLD EASILY?

HOW TO AVOID IT

Colds are due to germs. No one can prevent the germs from getting into your nose and throat. But you can keep plenty of strong, vigorous, "antibodies" in your blood to fight and kill off the nasty "cold germs" before they do you any harm.

To develop these germ destroying "antibodies" you must be able to get plenty of pure, rich, red blood and a strong, vigorous constitution—in fact, this is the best preventative against almost any disease.

If you are weak, nervous or run down, or subject to colds, take no chances. Only you may develop pneumonia, bronchitis or lung trouble or perhaps pneumonia and you may go off like a shot. Therefore commence to enrich your blood and fortify yourself against "disease germs" today. To build more and better blood and make stronger nerves, there is nothing superior to NUXATED IRON as it contains organic iron like the iron in your blood combined with a product representing the principal chemical constituent of active living nerve forces for fighting the germs. Nuxated Iron may therefore be said to be both a blood and a nerve food. It often increases the bodily and mental vigor, strength and endurance in two weeks' time.

Over 4,000,000 people are using it annually. It has been highly endorsed by the United States Senate, U. S. Army General, many physicians and prominent men. Even the Pope at Rome mentioned it favorably in a communication to the Proprietor of the Pharmacy Normale de Paris.

Satisfaction guaranteed or the manufacturers will refund your money. Be sure of the genuine. Look for the word "NUXATED" on every package and the letters "N. L." on every tablet. Sold by all druggists.

NUXATED IRON

Helps make rich, red blood and revitalize weak nerves

YOU USE LESS OF KC Baking Powder

than of higher priced brands. Satisfaction guaranteed or your money refunded.

Four Horsemen of the Apocalypse" during its engagement at the Eltinge.

TURN STUDENTS AWAY

Vermillion, S. D., Oct. 18.—Students who desired to enter the medical school here this fall were turned away because of lack of equipment to properly care for them. The matter will be presented to the next session of the South Dakota legislature.

CORN SHOW NOV. 17

Jamestown, N. D., Oct. 18.—A corn and potato show will be held here in connection with the annual hog sale, Thursday, November 17. It is probable the event will be expanded to a three days' show, ending Saturday.

PURCHASE BUILDINGS

Minot, N. D., Oct. 18.—The Light Industries Company of Minneapolis has purchased the buildings of the briquetting plant here and are said to be making arrangements for operating the plant at full capacity. It has been closed.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically and financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

INGROWN NAIL

Toe Nail Turns Out Itself if You Toughen Skin

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can't penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic, manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

HOSKINS KODAK WORK Done For The AMATEUR

Reasonable Charges—We are known everywhere for the expert work we do. Mail Orders Given Prompt Attention.

HOSKINS, Inc. Bismarck, N. D.

Coming to the Eltinge Theatre

The Cinema of the Century!

A magnificent screen translation of the story that has thrilled twenty millions of readers.

Enacted by the greatest cast in history: comprising more than 12,500, including the 50 principal characters.

Produced at a cost of six months of preparation; a year and a half of action; and slightly more than a million dollars.

To miss it is to miss the world's greatest motion picture.

THE STATE'S OLDEST NEWSPAPER
(Established 1878)

RADIUM
The total amount of radium that can be mined on our earth is less than two-thirds of a troy pound, according to a London corporation that has just "cornered" the radium market by obtaining control of the radium deposits of Czechoslovakia. Those deposits hold two fifths of the world's radium resources.

United States now leads the world in production of radium. We may lose the lead in another decade. This is zero in things to worry about—unless you are a super-scientist.

PENNY
Difference of a cent a pound means a difference of \$91,834,490 in the nation's annual sugar bill, says the research department of the American Farm Bureau Federation. And a penny, added to gasoline, costs consumers \$42,564,279 a year.

Many great fortunes, also many big failures, are founded on these penny fluctuations. With fewer dollars running loose, the penny is gaining increasing respect. After government gets back to thinking in thousands instead of millions, it should study the possibilities of the penny.

EASIER
Man's detachable collar was invented by the wife of a blacksmith at Troy, New York. She had wearied of washing an entire shirt just because the soiled collar was attached to the shirt, which had been the universal custom since shirts came into use. From her idea grew a fortune and the enormous collar industry.

If you want to get rich, find an easier way to do the simple things of life. When you improve a necessity, you improve something that people have to buy. That solves selling problem.

FAILURES
A third of the nation's business failures take place in Massachusetts, New York, Illinois and Pennsylvania. In September, 36 out of every 100 failures occurred in those four states.

This would make it seem that it is safer to run your business in other states. Not so. It merely happens that those four states house more than their share of the hazardous industries. If you "have the goods," geography does not matter much, one place is as good as another. That's as true of individuals as of businesses. Stick to the home town.

BICYCLES
E. J. Lonn, president of the Bicycle Manufacturers' Association, takes exception to an editorial comment that the bicycle in America is becoming a curiosity.

He makes the interesting statement that Americans probably use as many bicycles as automobiles. It is definitely known that there are at least 5,000,000 bicycles in use in this country, also that they are on the increase. Factories are manufacturing over 500,000 "bikes" a year, or nearly twice as many as in 1914.

Will the airplane-flivver of the future be operated by motor or by foot power applied to bicycle pedals? The latter is cheaper. That's why the bicycle is coming back strongly as a means of transportation.

HAVE \$2,672,593,000 LESS NATIONAL DEBT TO CARRY

Good news for tax-payers comes from the Treasury Department. The national debt October 1 was \$23,924,108,000. That is \$2,672,593,000 less than it was August 31, 1919. Burden grows lighter. One cause: Government slowly buys and retires Liberty Bonds and Victory Notes by the sinking fund system.

Subtract another \$10,000,000,000, due us from allies, and our national debt doesn't give us a headache to look at. Will the allies ever be able to pay? That depends largely on whether Germany pays them. It's the old cycle—the stick began to beat the dog, the dog began to bite the pig, the pig jumped over the sty.

RICH

Personal fortunes cannot become too great, says C. W. Barron, veteran financial writer.

His argument is that excessive accumulation of wealth is not an evil unless the wealth is put to an evil purpose.

The Rockefeller world's richest family, have just given millions for medical education in China. That's putting wealth to good use. It must please the Rockefellers. Also, the consumers who con-

tributed the money to the Rockefeller family when they bought gasoline, kerosene, natural gas and other products of the industry of which John D. was the master builder.

PEANUTS
Years ago an American missionary introduced the Virginia peanut into China. At first the Chinese were suspicious and called it the "foreign devil nut."

Then some one told them, "The peanut is a profitable crop." Now China ships us 132,000,000 pounds of peanuts yearly.

Selfishness is the motor-fuel of progress. Show people how an idea or device will benefit them in a selfish way, and opposition will vanish. Profit is what we are all after.

OLDEST
Another old man, as famous for hard work as for his age, is Sato, 146 years old. Lives in Constantinople. Worked 90 years as a porter. At 111 years, he became a factory hand and still holds the job. He has just married a young wife, for the fourth time.

At times, all detest work. But, without it, the body soon deteriorates, grows flabby and weak. That is the greatest evil of periods of unemployment—they undermine the national health.

LOVE
Is love a psychic attraction or is it just a matter of propinquity—being near each other for a long enough time?

At Lockney, Texas, S. H. Bolin, 76 years old, stopped hoeing potatoes, leaned the hoe against the fence and sighed. On the other side of the fence, the sigh was heard by Mrs. Fannie E. Brown, 59. They got talking about garden difficulties, discovered they had ideas in common.

Bolin proposed. Wedding bells. He and his wife had been neighbors 14 years before he proposed.

WALKING
The world's champion walker, Edward Payson Weston, is 82 years old, but he will try to walk 500 miles in six days.

At that age, most old gentlemen sit placidly on the porch.

The reason Weston is active in his old age is because the exercise of walking has kept him fit. He disproves the theory that hard work ages us prematurely, for long-distance walking is the last word in hard work. If you youngsters don't believe it, try to duplicate Weston's job—walking 500 miles in six days.

Walk two miles a day, to keep in good health and live long.

WHAT FEAR DOES
Inventor Edison says that the business depression was caused by fear. "The people have been frightened out of good times, unnecessarily so."

Fear of the wolf makes people stop buying. Then business stagnates. Hard times follow.

The pessimist is ruled by fear.

Optimism is nothing but the absence of fear. Get rid of our fear, be optimistic, and prosperity will return, Edison reasons.

He is right. The same is also true of every activity of men and women. Fear, the great paralyzer, is back of most failures. Conquer the devil of fear, develop confidence in your abilities, and you will succeed.

Barring remote instances of good luck, there can be no success without self-confidence and fearlessness.

EDITORIAL REVIEW

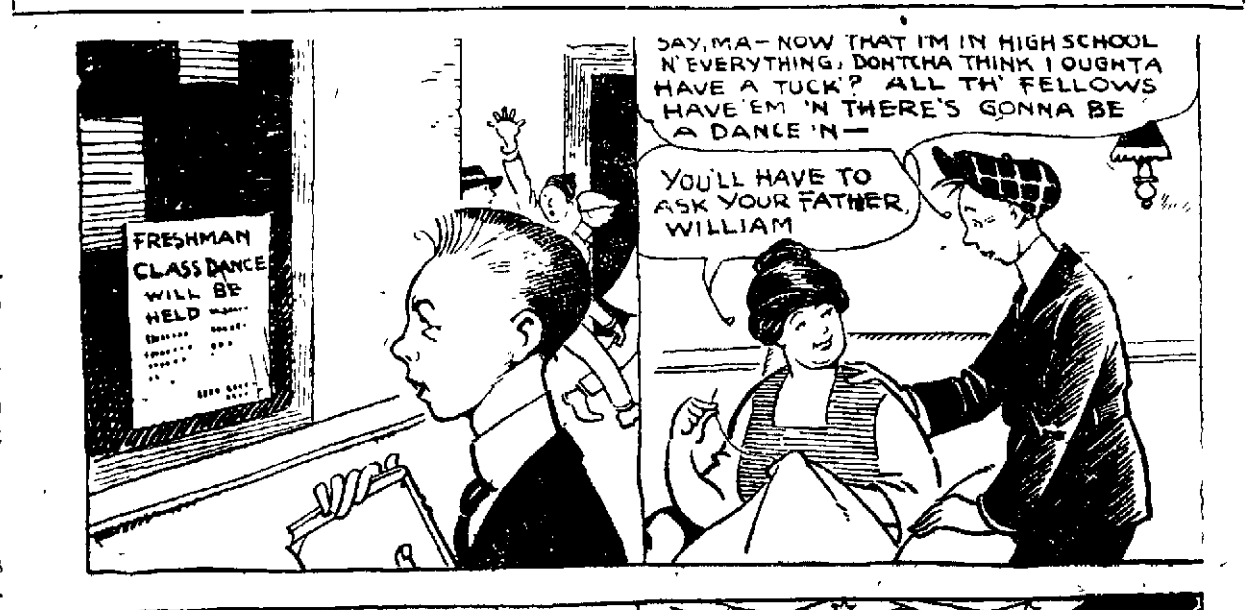

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

GEN. DAWES' WORK

It will be an amazing thing if the Washington departments find it possible in the current fiscal year, to save \$305,000,000 out of moneys that have already been appropriated for their use. The war department sends in a revised estimate that it will be able to save \$60,000,000; the shipping board, \$100,000,000; the railroad administration, \$89,000,000; the veterans' bureau, \$37,500,000; and miscellaneous branches of the government, \$18,500,000. These figures in themselves are the most eloquent testimony as to the loose methods that have heretofore been followed in appropriating government money. These methods are an outgrowth of the war period, and apparently have been allowed to continue in the Federal establishment far beyond the time when there was any justification for them.

The formal assurance now given to the senate finance committee that these estimates of reductions can be depended upon in the work of framing a new tax bill ought to mean that there will be no deficiency to make up with short-term borrowings at the end of the next tax year; not unless the new measure fails to yield the revenue that is expected of it. The gap between income and outgo narrows as the result of the heroic retrenchment that seems to have been reached under pressure from Gen. Dawes. "Where there's a will there's a way," is a maxim which applies to the ponderous operations of government as well as in other walks of life. Gen. Dawes in his most recent communication has burned all his bridges behind him and made his position unequivocal, so that he must score a real triumph or a great personal disaster. Daily News Sun.

About This Time O' Year The First High School Dance By Satterfield

RICHES (Florence Berner.)

Oh, some have their mansions, And others have their gold; And others still their kingly sires, And names so grand and old; "Oh John" has got his millions, And Morgan has the power; But I, who am a common guy, Am richer still by far.

For I've a world of jewels, And I, too, am a king; My subjects bow before me, And riches rare do bring; I have a charming little son, A little daughter, too; A loving and devoted wife, The best man ever knew.

Some measure wealth by money And others still by caste; Some dream of golden futures, Some of a golden past; But I have grown much wiser, Since like the turtle dove, Who to her mate is calling I measure wealth by love.

MINISTERIAL CONVENTION ENDORSES HARDING'S ACTIVITIES TO DISARM NATIONS; ASKS ENFORCEMENT OF LAWS

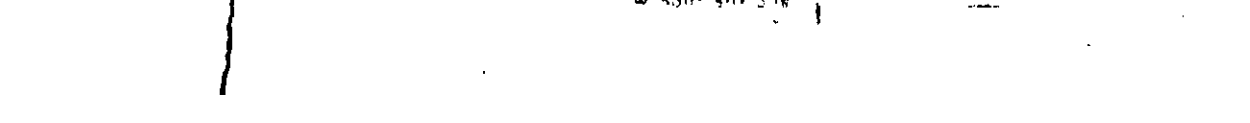

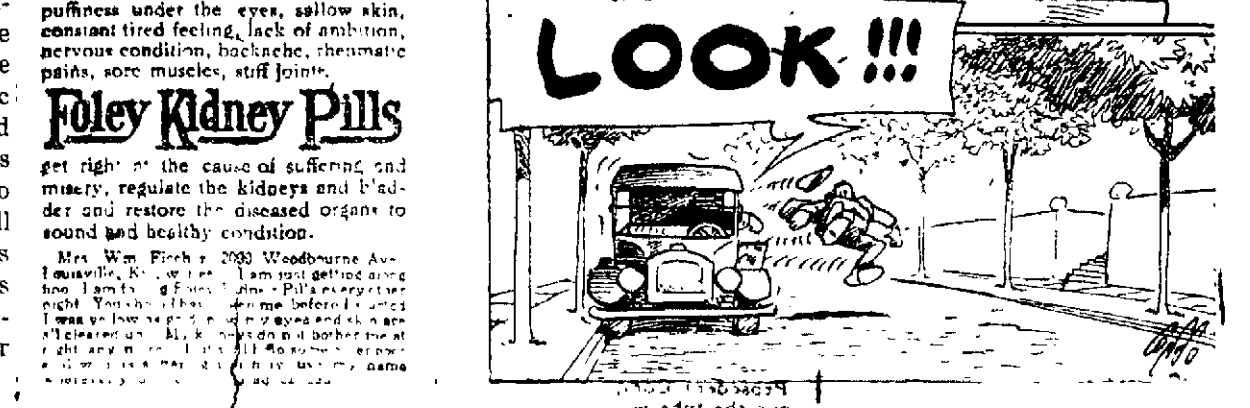

(By Rev. C. F. Strutz.)
The ministerial convention of the Bismarck district of the North Dakota conference of the Evangelical church, which closed its session at Streeter Sunday night, was one of the most successful and best attended conventions of this kind ever held in the state. It was educational and inspirational in its character. Some very practical and timely subjects dealing with the problems of present day conditions in church and state were discussed. Rev. C. Staebler, D. D., of Cleveland, O., was the principal speaker, and brought a number of very instructive and inspiring messages. He is a noted author and bible teacher having been for many years a leading member of the Sunday school council of Evangelical denominations and a member of the international lesson committee of the International Sunday School association. Dr. Staebler believes that one of the greatest needs of the country is a better knowledge of the bible and he has done much for the promotion of the thorough and systematic study of the bible. His stirring addresses were enthusiastically received by the great audiences. On Sunday the crowds were so large that no church or hall in the city would accommodate them, hence the Streeter garage was cleared and equipped with seats. It is estimated that over one thousand people attended each of the three Sunday services.

Rev. O. A. Bremer, presiding elder of the district, presided at all the sessions. The following pastors were in attendance: R. Bloedau, McClusky, W. Butsch, Lehr, J. Fisher, Ashley, A. Gehring, Wishek, A. Emel, Streeter, K. Hirling, Tuttle, H. C. Lehner, Hazen, H. A. W. Mergel, Balfour, J. A. Saylor, Heil, W. Starkman, Linton, and R. E. Strutz, Jauneson. Rev. F. H. Brockmuller, presiding elder of the Fargo district, was also in attendance and preached at one of the public services.

HEAR OWN SHIP SHELLED
Hamburg, Ger., Oct. 19.—Villagers along the German coast reported sounds of gunnery in the Bay of Biscay. It was that of French battleships scrapping the former German battleship Thuringen.

The English Channel between Dover and Calais is not over 150 feet deep.

EVERETT TRUE BY CONDO

AFTER STAYING IDLE 12 MONTHS IS BACK ON JOB

Ohio Man, Lost A Year On Account Of Stomach Trouble—Is Now Well and Strong

"Only a man who has to work for a living knows what it means to get back on the job after not hitting a lick of work for a whole year. I lost twelve months straight time on account of stomach trouble. One of the worst cases I guess any man ever had. Tactful not only made me a well man again but built me up 19 pounds in weight. I am writing all my friends in other cities to tell them of the wonderful new medicine."

The above statement was made by George F. Lowe, well known employee of the Goodyear Tire and Rubber Co., living at 451 McGowan St., Akron, Ohio.

"Tandee is sold by leading druggists everywhere."

When baby swallows a nickel, call the landlord. He will get it.

Most dangerous railroad crossing is double crossing the public.

Disarmament ought to include loaded dice.

There is no noticeable decrease in the sighs of taxes.

You don't have to chase an auto all over the pasture.

Bolshevism is leaving—but not very much.

Speaking of slate, some coal belongs in the cellar, some on the roof.

The bonus father's boss will give him for Christmas is almost gone.

Little girls and men like to play with dolls.

Lips that touch liquor never tell where they get it.

The man who has just moved has a fairly good idea of war ruins.

Silk stockings run but once.

Winter hats are not trimmed as neatly as the buyers.

If our wishes were granted, who would build the autos?

One way to keep a wife in a hurry. We'll soon be sorry we caused summer put.

A local hairdresser wants to learn the criminal way.

The only records some people break are photograph records.

If congressmen were paid according to work done they would be something.

This foreign paper money would be worth more if they printed a comic strip on one side.

IN MOTHERS MEDICINE CHEST
are standard remedies which have stood the test of time—remedies which their mothers and grandmothers had used before them. Such is Lydia E. Pinkham's Vegetable Compound, which for nearly fifty years has been helping the women of this country to overcome many forms of female ills; merit alone could have stood such a test of time and won such an enviable record.

WINS CONTEST

Fargo, N. D., Oct. 19.—Stutsman county was rated the best organized county for Sunday school work at the recent North Dakota State Sunday School association meeting. A banner was awarded it for its organization achievement.

Some of the largest locomotives yet manufactured in the United States are used on the island of Java.

British consuls in China have been ordered to discourage traffic in airplanes for the Chinese civil or military authorities.

MINUTES OF THE PROCEEDINGS OF THE BOARD OF CITY COMMISSIONERS, BISMARCK, MONDAY EVENING, OCT. 17TH, 1921.
The Board of City Commissioners met in regular session Monday evening, October 17th, 1921, at eight o'clock P. M. There were present Commissioners French, Hendler, Larson, Thompson and President Lehnart. The minutes of the meeting held on October 11th, 1921, were read and approved. The Motion of Commissioner Larson, duly seconded and carried the bills approved and checked. Commissioner Hendler made a verbal report of the

Fire Truck Committee, recommending a purchase of a 750 gallon American LaFrance combination chemical, hose and pumping engine. The Committee was instructed to file a written report on this investigation in detail. At the request of Mr. Benton Bauer, Attorney for Mr. I. D. Baker and the Lincoln Addition Improvement Company, the hearing on the petition for taking certain tracts out of the city limits was postponed until Monday evening, October 24th. On motion of Commissioner French, duly seconded and carried, the Board of City Commissioners adjourned until Tuesday afternoon, October 18th, 1921, at one o'clock P. M. Attest: M. H. ATKINSON, City Auditor.

Minutes of the Proceedings of the Board of City Commissioners, Bismarck, Monday Afternoon, Oct. 18th, 1921.
The Board of City Commissioners met in adjourned session on Tuesday afternoon, October 18th, 1921, at one o'clock P. M. There were present Commissioners French, Hendler, Larson, Thompson and President Lehnart. The Fire Truck Committee presented a written report on the investigation into the various types and recommended the purchase of a 750 gallon triple combination American LaFrance truck, which they considered the best truck for the city's purposes. Several citizens spoke on the purchase of the truck, giving their views of the matter. Commissioner French moved that the Board of City Commissioners as an entire committee investigate the various makes and types of trucks and that the expenses of the trip be paid by the members individually. Commissioner Thompson seconded the motion. On roll-call all commissioners voted "aye." The motion carried. On motion, Commissioner Larson the Board of City Commissioners adjourned to meet again Monday evening, Oct. 24th 1921, at eight o'clock P. M. Attest: M. H. ATKINSON, City Auditor.

MANDAN NOTES

Mr. Welch Honored By Arikara Indians
Major A. B. Welch of Mandan was initiated as the first white member of Arikara Indians last Friday night at a big ceremonial attendant to the dedication of a new hall for the society a few miles from the site of old Fort Berthold and the Indian village.

Over a thousand Indians, the remnants of the once numerous Mandan, Gros Ventre and Arikara tribes, attended the services. The building dedicated is a sixteen sided hewn-log structure with dome shaped roof much like the buildings erected in old days by the Mandan Indians; it is 90 feet in diameter.

Coincidentally with the meeting of the old Dead Grass society, Major Welch organized a post of the American Legion among the Indians of the three tribes. Upwards of 40 members were listed on the charter roll.

Mandan Motor Company Moves to New Location
The Mandan Motor company who recently sold out to the Fleck Motor Sales company have acquired a new location in the building formerly occupied by the Mandan-Overland Co. Bob Kreutzner who is an expert mechanic and the head of the company has taken in with him G. W. Miska formerly a garage man of Dickinson and the experience of these two men in their work assures them of a prosperous future.

G. C. Rathman has tendered his resignation as accountant with the Bingenheimer Mercantile company of this city and will leave shortly for Minneapolis where he will enter a firm of public accountants. W. C. Lindsay of Rock Lake, N. Dak., has arrived in Mandan and will succeed Mr. Rathman as accountant with the Bingenheimer company here.

Raymond Hjelmseth, who has been in the employ of the Russell Miller Milling company of this city as bookkeeper, left last week for Billings, Montana, to accept a similar position with the Russell Miller Milling company.

AT THE MOVIES
FACTS ABOUT "THE BIRTH OF A NATION"
There are over 1,000 distinct scenes in "The Birth of a Nation," which is at the Bismarck theater today and Thursday.

Eighteen thousand people and 1,000 horses were utilized in making the narrative.

Mr. Griffith worked for eight months without a let up to complete the picture.

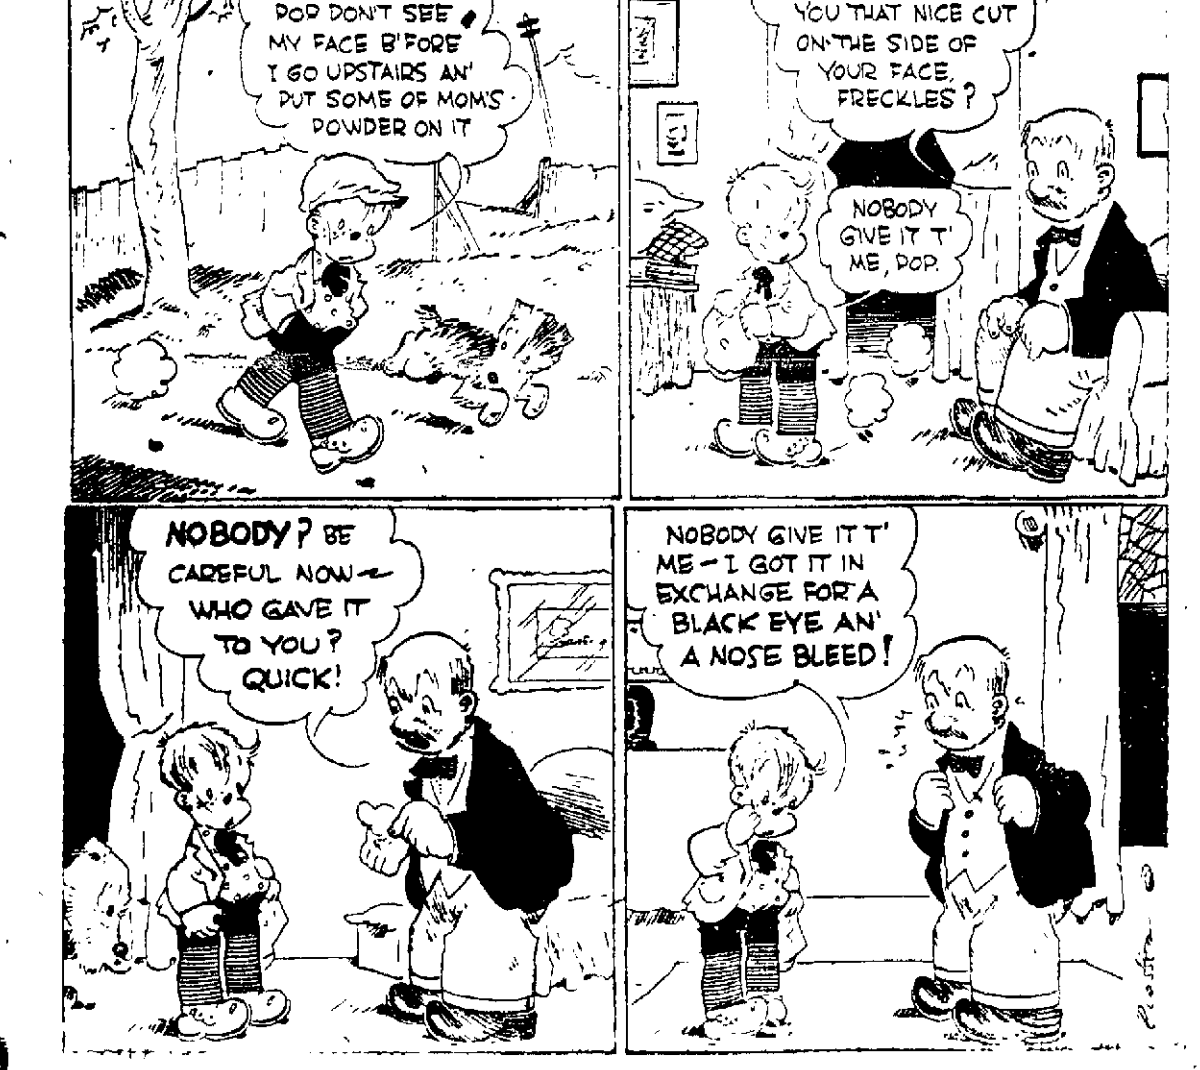

The approximate cost of the production was \$500,000. The woman's dresses of the period of 1862 used up 12,000 yards of cloth. Over 25,000 yards of white material were sewed into the costumes of the Ku Klux Klan.

Two hundred amstresses worked for two months to make these costumes historically correct and appropriately picturesque.

Five thousand words and reports on the history of the Civil War and the periods immediately leading up to and following the great conflict were researched for authentic data. The research was conducted by four college professors specially engaged for the purpose.

Every piece of ordinance, every bit of ketry in the battle scenes is an exact reproduction of the artillery, infantry and

SCARLET FEVER PROVES FATAL
Howard Garrow, Traveling Man, Succumbs in Detention Hospital
Howard R. Garrow, aged 27, a traveling man, succumbed at the city detention hospital from an attack of scarlet fever at 7:50 o'clock last night. Mr. Garrow had been ill only a short time.

Mr. Garrow was born in Chicago, Ill., and lived in La Crosse, Wisconsin, before coming to Bismarck. He had represented a tobacco firm in this territory, traveling for the J. C. Olson sales agency of Minneapolis. Only three weeks ago he brought his family to Bismarck and prepared to make this city his permanent home.

A wife and two children survive. Mr. Garrow's father, A. D. Garrow, special agent for the Chicago, Burlington and Quincy railroad, at La Crosse, Wis., arrived in the city shortly before his son died. The body will be taken to La Crosse for burial tonight.

Mr. and Mrs. Dutton Are Guests of Honor At Farewell Party

About 150 members of the Blue Lodge and Eastern Star attended the farewell party given at the Masonic Temple last evening in honor of Mr. and Mrs. Robert Dutton, who are leaving next week for California.

The first part of the evening was spent playing cards. Cards were followed by light refreshments served by the committee in charge. The remainder of the evening was spent dancing.

Describes Meeting in Talk Given Here at B. and P. W. Rooms

Mrs. L. N. Cary of Mandan, addressed the members of the Business and Professional Women's club and other Bismarck people at the club rooms last night. Mrs. Cary's talk was very interesting and held the attention of her audience throughout. She gave a splendid resume of the entire State Federation meeting held at Fargo and a very vivid description of the Federation pageant in opening her speech.

Epworth League Makes Many Plans For New Work

Mrs. Alfred S. Dale entertained the members of the Epworth League of the McCabe Methodist church at her home last evening. The first part of the evening was given over to the business meeting. The treasurer reported that \$200 had been saved by the Epworth League and this amount

would be used for the church debt. The chairman of the Mercy and Health committee reported that 30 visits to sick people had been made. Miss Lettie Linkle has been named publicity chairman for the Epworth League and George Kilmer was made chairman of music for the devotional meetings. It was also decided that they would cooperate with the other church organizations in sending clothing to the drought-stricken district in the southwestern part of the state. Arrangements are being made for a Halloween party which will be given at the church Monday evening, October 1 for all young people of Bismarck. Plans are being made for future work in the Epworth League. A debate for one Sunday night service is being planned. It was also decided to hold fellowship Sunday the first Sunday in every month and to call the meeting a half hour earlier on this Sunday. Following the business short social session was held light refreshments were served.

A A E CLUB MEETS
The Bismarck club of the American Association of Engravers will be held next Wednesday evening, October 23. There will be a personally conducted tour of the Bismarck Tribune plant by A. G. Jacobson at 5:15. A "Get-together" supper will be given at the Grand Pacific Hotel at 6:30. Following the supper Mr. Jacobson will give a talk on "Engineering a Newspaper." A business meeting will then be held. Short talks on "Things I think the Bismarck club should do" will be given by W. McIlwain and George McIlwain. The meeting will close with a round table discussion on "Resolved that the earth is an Oblate Spheroid."

GIVE BIRTHDAY PARTY
Mrs. A. H. Scharnowske of 310 Fifteenth street entertained ten little guests at a birthday party in honor of her daughter Ruth, who celebrated her sixth birthday yesterday. A white kewpie with a pink dress was attached to each place card. Favors and appointments were in pink and white. A pleasant afternoon was spent playing games. Dainty refreshments were served by the hostess, assisted by Mrs. R. C. Forsyth of Portland, Oregon, who is visiting her parents here. Miss June Forsyth was an out-of-town guest.

ENTERTAINS FOR DAUGHTER
Mrs. F. L. Ellsworth entertained eight little girls at her home in honor of her daughter, Lora Lucille, who celebrated her fourth birthday. The afternoon was spent playing games after which a birthday luncheon was served. A color scheme of pink and yellow was used. A birthday cake with four candles was the decoration in the center of the table. The little guests were Audrey and Virginia Rohrer, Ernestine Carusel, Beverly Snyder, Dorothy Tiedman, Rosella Raush and Eleanor Mann.

HAVE MEETING
The Fort Lincoln chapter of American War Mothers held their meeting at the American Legion hall yesterday afternoon. The regular business meeting was held. Reports of the work done by the general committee were given. It was also reported that the barrel of fruit the War Mothers had filled, has been sent to the Florence Crittendon Home at Fargo. Following this meeting the ladies went to the telephone office where they had been invited to inspect the office.

GIVES EVENING PARTY
The Misses Lucille and Helen Dahl were hostesses to twelve of the former friends of Miss Grace and Blanche Myers at a party at their home last evening. The Misses Myers who have

been guests at the Dahl home for the past two weeks are leaving this evening for their home at LaMoure, N. D. The hours were spent informally. Dainty refreshments were served at the close of the evening.

GIVE HALLOWEEN PARTY
The members of the Presbyterian Ladies Aid have completed plans and arrangements for the Halloween party to be given at the Presbyterian church parlors tomorrow afternoon. Some novel Halloween stunts have been planned by the entertainment committee and everyone who attends is assured a good time. Refreshments will be served. Everyone is invited to attend the party.

FORMER RESIDENT VISITS
Dr. F. D. Kendrick of St. Paul, a former physician of Bismarck and formerly vice president of the First National Bank here is making a short visit in the city with friends. Dr. Kendrick is here on his annual North Dakota hunt. From Bismarck he will go to Jamestown where he will visit friends there.

ATTENDS MEETING
Miss Ida Swanson of the Bismarck hospital left yesterday for Minot where she is attending an executive board meeting of the North Dakota State Nurses Association. It is expected that Miss Knud Anderson of Wilton, also a member of the board, would also attend the meeting in Minot.

METHODIST AID MEETS
The Methodist aid will hold its monthly meeting in the church on Thursday afternoon at three o'clock. District number 1 will be hostess for the afternoon. Plans will be discussed for the bazaar to be held in November. All members are urged to be present.

EXECUTIVE BOARD MEETS
The executive board of the Bismarck hospital will hold their meeting at the hospital this afternoon. John Fisher of Ashley and Otto Schafer of Stanton have come to Bismarck for the meeting and will confer with Rev. C. A. Bremer here.

TO STEELE
Rev. and Mrs. F. W. Gress and family of Mott, visited friends in Bismarck yesterday. They are leaving for Steele, where Rev. Gress will take up his new pastorate of the Methodist church.

RETURNS TO MICHIGAN
Mrs. Myrtle McDivitt of Sault Ste. Marie, Michigan, and her brother, H. Howard of Werner, were visiting in Bismarck yesterday. Mrs. McDivitt is returning to her home in Michigan after her visit at her brother's home here.

FROM HAZELTON
Mr. and Mrs. H. A. Armstrong and Mr. and Mrs. L. C. Melthert of Hazelton, were in the city yesterday and are visiting here today. Grand Master Armstrong came up to attend the meeting of the Odd Fellows.

FOOD AND RUMMAGE SALE
The Fourth Division of the Ladies Aid of the McCabe Methodist church have planned a food sale which will be given at the Gas Office Saturday, October 22. The sale will begin at 10:30 in the morning.

RETURNS TO SWEDEN
Miss Hulda Jansson of Sweden, who has been visiting relatives in Burlington county for some time, is visiting in Bismarck today. She will leave soon for New York, from where she will leave for Sweden.

SEWING CIRCLE MEETS
St. Mary's Sewing circle will meet at the bishop's residence on Thursday afternoon. Mrs. Fred Peterson, Mrs. Ed. White and Mrs. Grady will be hostesses.

FROM DRISCOLL
County Commissioner C. A. Swanson of Driscoll was in the city yesterday. Mrs. Swanson, who has been ill in the hospital for some time, returned home with him today.

RETURNS TO CITIES
Mrs. Mary Wisman, field worker of the Salvation Army, has returned to Minneapolis. Mrs. Wisman has been assisting in both the Bismarck and Mandan Salvation Armies.

COMPLETES COURSE
Miss Marion Weber of Donnybrook, N. D., has completed her course at the Bismarck hospital and has returned to her home at Donnybrook.

RETURN FROM VISIT
Miss Ruth McCone has returned to New Salem after a several days' visit with Mrs. Sadie Dodd and Miss Grace Frazier.

ON BUSINESS TRIP
E. J. Taylor, of the state department of education, went to Grand Forks today on a business trip.

TO TWIN CITIES
Mrs. Roy Corwin has gone to the Twin Cities, where she will visit relatives for several days.

TO ST. PAUL
Mr. and Mrs. L. H. Carusel left this morning for St. Paul, where they will visit friends.

VISITING AUNT
Mrs. Chester Cavanaugh of the city is visiting her aunt, Mrs. R. H. Perry, at Wink.

BUSINESS VISITOR
E. A. Tryer of Tryer township was a business visitor in Bismarck yesterday.

VISITING HERE
J. W. Shaver of Hobson, Montana, is a guest at the L. H. Richmond home. After a short visit here Mr. Shaver will leave for the eastern part of the state on a business trip.

KNIGHTS OF PYTHIAS
Tonight Frederick S. Atwood will visit our lodge. Mr. Atwood is Supreme Prelate of the national organization and in close touch with the forward movements of the Order. He has a message no Pythian can afford to miss. Be sure to attend this meeting. Visitors welcome.

Dyspepsia is Man's Nemesis

Stuart's Dyspepsia Tablets Have Turned Many a Grouch Into a Regular Good Fellow Again—Try Them
Indigestion makes people feel homeless, despairing, despondent and blue all over. It is only temporary, it is

You Just Know You're All Right After a Stuart's Dyspepsia Tablet.

true, but while it lasts it's awful. Wise people keep a box of Stuart's Dyspepsia Tablets handy to prevent these attacks or relieve them when they come. And such people eat what they like—pie, cheese, sausage, griddle cakes, pork and beans and other such supposedly indigestibles—without suffering from the acid, sour, belching, gassy stomach due to dyspepsia. These tablets give the alkaline effect to thus sweeten the stomach and make it comfortable. Try them if you are subject to indigestion. You will find them on sale at all drug stores at 50 cents a box.

GOLF HONORS ARE DECIDED

Mrs. D. B. Register Victor In Country Club Open Play

The names of Mrs. D. B. Register, winner, and Mrs. S. H. Clark, runner-up, in the women's golf championship of the Country club for 1921, will go on the Jim Jam Jems club cup. The final match of the women's open championship tournament of the club was played between Mrs. Register and Mrs. Clark, the former winning 3 up and 2 to go on the 16th hole. Mrs. Clark had defeated Mrs. Light and Mrs. Register had defeated Mrs. Hughes in the semi-finals. The winner and runner-up also are awarded individual cups.

Mrs. Register also was victor in the handicap tournament for women members of the club, defeating Mrs. W. A. Hughes in the final match, after Mrs. Register, Mrs. Hughes, Mrs. Clark and Mrs. Light had been matched in the semi-finals.

Among those participating in the women's golf tournament of the club, some of whom defeated their matches, were Mrs. Register, Mrs. Clark, Mrs. Hughes, Mrs. Light, Mrs. F. S. Henry, Mrs. E. B. Cox, Mrs. Mary McLean, Miss Mary Kelly, Mrs. Richard Tracy, Mrs. Thomas Poole and Mrs. Iaez Gallehan.

There is much beauty in rich pile fabrics, trig twills, lustrous satins and filmy dyed laces. Many have the new wide sleeves and irregular hem lines that lend a gracious note. The Prices range from \$19.50 up.

JUDGE DAVIES EXPLAINS WILLS TO ROTARIANS

Judge Davies impressed upon the members of the Rotary club at its noon luncheon in Patterson's hall, the advantages of making wills and of seeking competent counsel when drawing them. His address was interesting in its various aspects. The idea of taking up the topic of wills at the luncheon was suggested by Chairman Burt Finney as a result of the recent District meeting at Duluth. Dr. Kendrick, a former resident of Bismarck, was a guest of the club. He resided in the city for more than thirty years and since making his home in St. Paul has visited Bismarck once a year. Dr. Kendrick gave an interesting address to the members and praised the enterprise of the city. Weekly luncheons are now being served in Patterson hall. The last roof garden meeting was a week ago and is a record for any middle west city. Roof gardens nearly everywhere else closed weeks ahead of the McKenzie hotel roof. Quarters for the winter are ideal and give the members a chance to take exercise under the direction of Rotarian McLeod, before lunch if they desire. Business men are urged to join the gymnasium classes being held in the High School gymnasium. These classes are open to the business men of the city whether they are Rotarians or not.

RAINBOW GIRLS BIG HIT AT REX

Harry Evans, better known as "Ike," and his girl show opened an indefinite engagement at the Rex this past Monday to a packed house and more than pleased with his clever bunch of entertainers. There is complete change of bill every Monday, Wednesday and Friday. There isn't a thing missing in "One Man in a Million," the latest Robertson-Cole super-special release in which George Beban, the great American character actor, appears in the

stellar role. In all of the cities throughout the country where the picture has been shown, critics have declared it to be the greatest of screen dramas. This big photoplay will be shown at the Rex theater for a run of two days beginning today. The story is one of human interest with a strong series of comedy reliefs. Mr. Beban has shown his capabilities in this picture, first having written the story and later producing and directing it. In the stellar role Mr. Beban is seen in his now familiar and much loved character of an humble Italian who teaches a really human lesson through the medium of a big and kind heart. The author has called to his aid many clever dogs and an almost human parrot to bring home the story of the picture. With Mr. Beban in the supporting cast is George Beban, Jr., his five year old son, who will undoubtedly be as great a thespian as his illustrious daddy. Others in the cast are Helen Jerome Eddy, Irene Rich, Lloyd Whitlock, George Williams, Jennie Lee and Wade Boteler.

Public Stenographers. Business Service Co. First floor, Hoskins-Block. Phone 662.

Dance at Baker's Hall every Tuesday, Thursday, and Saturday nights. 10c a dance.
